Outreach
Despite the semester quickly winding down, Outreach continues at a quick pace. We have completed the student database with the information we have received, however, NOT EVERYONE HAS SIGNED UP FOR THE DATABASE!! The main intention of this DATABASE is to establish NETWORKING, INTERNSHIP, and JOB OPPORTUNITIES. In other words, this is in your favor. If anyone wants to be included in the database, please e-mail me at ebcx@loyno.edu.
We are still in the midst of setting up the flyer workshop, and intend to have the workshop before the semester ends. Please let Anne [jeminiger@aol.com] know if you are interested in the workshop. We also plan to have a series of workshops next semester, so if anyone has any ideas just let Anne know. Have a nice day!
